Limonta Sport Synthetic Turf

The best soccer surface.

Greenplay Australia use Limonta Sport synthetic turf – recognised throughout the sporting world as the premium performance surface. We do everything – consult, design, supply and install. Greenplay Australia is synonymous with quality and client satisfaction. In everything we do, Greenplay Australia offers you a new level in performance.

PRODUCTS AND SERVICES:

The toughest opposition in soccer can sometimes be the surface you're playing on. An unforgiving, uneven surface can make it hard to compete at your best, and are often the cause of injury. That's why it's important to have a safe, responsive surface. And that's why we use the Limonta Sport range of synthetic surfaces. Greenplay can also provide natural turf if required.

Limonta Sport has specific applications for indoor and outdoor soccer. Great lengths are taken to make sure these surfaces perform at the highest level, allowing players to safely perform at theirs. Made from eco-friendly raw materials, using an exclusive organic infill, the Limonta Sport range of soccer surfaces feature:

- High Shock Absorption
- Uniform Ball Bounce
- Greater Playing Comfort
- ULTRA TOP Light Deflecting Finish
- High Performance Grip and Stability
- High Resilience and Durability
- SANALIM Anti-bacterial and Fungicide Treatment

The result is an immaculate, durable surface that improves performance and is totally safe to play on.

The Limonta Sport range of abrasive-free, synthetic turf consists of:

Sports Pro Max S

Sports Pro MF Diamond

Sports Pro Newgrass

Sports Pro Xpert

All these surfaces are made from the highest quality materials, and precision-manufactured in Limonta Sport's fully automated facility in Italy. They are continually tested for durability, resilience, stability and performance.

Our star player.

Created from the finest quality, eco-friendly materials developed in The Netherlands, and manufactured in Italy, the pedigree of Limonta Sport synthetic turf is unsurpassed. Since 1981, Limonta Sport has been producing cutting-edge synthetic turf for all kinds of outdoor and indoor sports. Today, you'll find their products in over 17,000 clubs across 70 countries, including soccer powerhouse, AC Milan. Limonta Sport is approved by all governing bodies, and is one of only five FIFA preferred producers. Limonta Sport has been appointed as an International Rugby Board Preferred Turf Producer.

It also exceeds our tough Environmental Standard ISO 14001. Limonta Sport has extraordinary permeability, stays cool, is UV resistant, and chosen throughout the world for its:

- Durability and Resilience
- Realistic Appearance
- Safety (Flexible, non-abrasive surface)
- Outstanding performance in all kinds of weather

All Limonta Sport products are tested for shock absorption, deformation, traction, and ball roll. The company also has its own research and development laboratory where products are constantly monitored, and looked to be improved upon.
